CHAPTER III

CASES REPORT

Although the preventing already done, the violence of ethics still happens in President University. During academic year 2023-2024, ethics commission work as the following data:

1. Number of report to Ethics Commission: 16 reports
2. Number of report disposed of: 4 reports
3. Number of report proceed: 12 reports
4. Number of rector recommendation: 10 reports

Some cases that happen in this academic year are like: documents forgery, fighting, and pornography. As the description above, not all of the report (16 report) proceed, so it disposed to another bureau or parties because of many reason like: the level of violation, anonymous reporters, and context relevancy. Then not all proceed report continue to recommendation because of several reason like the reporter cancel their report and case already closed.
